

for two weeks and close the season. I shall probably stay in Boston to settle up my father's estate and begin work July 1.

Manager William Bruy has already selected a spot in the outskirts of Aubury park for Corbett's training quarters. As both of the contestants are to sit themselves in the north for the contest they will meet in the arena under perfectly even conditions.

IVES AND SLOSSON.

The Latter Is Defeated in a Record Breaking Game.

Chicago, May 21.—The billiard match between Ives and Slosson, 800 points, 14-inch ball-line, tonight attracted to Central Music hall an audience which packed that spacious building. The play throughout was steadily good, rather than brilliant. Each man appeared to be at his best, though Slosson occasionally made a miss which seemed incredible, and the same may be said of Ives, though he played a good game.

The champion received a sou-stirring ovation. He broke the record for average, his being 26%. Slosson scored 588 to Ives 500.

TRACK AND FIELD.

Racing, Baseball Games and Other Out-Door Amusements.

Record of the Principal Sporting Events of the Day as Telegraphed to The Herald.

Racing at Cincinnati.

CINCINNATI, May 21.—Three-year-olds, upwards, mile.—The Hero won, Penn P. second, Harry Weldon third. Time—1:38 1/2.

Six furlongs.—Forward won, Tod Darling second, Captain Drake third. Time—1:36 1/2.

Three-year-olds and upwards, six and a half furlongs.—Red Prince won, Ed. Eshelby second, Belle Car third. Time—1:39 1/2.

Latonia Derby, three-year-olds, foals of 1889, mile and a half.—Newton won, Donald second. Time—3:14.

The Chicago Races.

CHICAGO, May 21.—Seven thousand people were at the opening of the spring meeting at Garfield park to-day. Cold weather and track heavy.

Six furlongs.—Blue Banner won, Pagan second, Goodbye third. Time—1:34 1/2.

Six furlongs.—Billy Plunkerton won, Hon Tom second, Woodpecker third. Time—1:36 1/2.

Five furlongs.—Johnny Green won, Little Buck second, Frecht third. Time—1:32 1/2.

Hessing stakes (worth \$3,000), mile.—Blitzen won, Niles second, Strathairn third. Time—2:14 1/2.

Half mile.—Bismarck won, Beautiful second, Johnny Campbell third. Time—1:17.

Racing at Gravesend.

GRAVESEND, May 21.—Track slow.

Five furlongs.—Courtship won, Prince George second, Yarrow third. Time—1:34.

One mile and a sixteenth.—King Crab won, Rousquet second, War Duke third. Time—1:54 1/2.

Five furlongs.—Wallace won, Don Alonso second, Integrity third. Time—1:33.

Two miles and a furlong.—Yorkville Belle won, Madrid second, Regina third. Time—3:04.

One mile and a sixteenth.—Two Bits won, Fido second, Rex third. Time—1:32.

Six furlongs.—Benjamin won, Rosa H. second, Verdue third. Time—1:37 1/2.

St. Louis Races.

ST. LOUIS, May 21.—The feature of the races was the director's handicap, worth \$3,000, and carried off by Aloha by four lengths in 1:36 1/2. Track in fair condition.

Six furlongs.—Tramp won, Naineville second, The Souper third. Time—1:38.

Two-year-olds, five furlongs.—Red Rose won, Albion second. Time—1:30.

Directors' handicap, seven and a half furlongs.—Aloha won, Chief Justice second, Peacemaker third. Time—1:50 1/2.

Six furlongs.—Buckhorn won, Leumbria second, Billy Smith third. Time—1:37 1/2.

Six and a half furlongs.—Sullivan won, Iron H. second, Comet third. Time—1:34.

Six furlongs.—Newton won, Harry second, Haymaker third. Time—1:37 1/2.

Handicap, mile and 100 yards.—Bonnie Bird won, Kelum second, Gayoso third. Time—1:35 1/2.

The Latonia Derby.

CINCINNATI, May 21.—The opening day at Latonia was the worst for many seasons. The track was most deep with mud, and threatening weather all day. The attendance was 7,000.

The derby was rather tame and one-sided. Azra and Hanchford, who were looked upon as certain winners, were withdrawn, creating much disappointment, and leaving Charles Fleischman's chestnut colt Ronald, and Roland Hanchford's Newton, to run alone. There was not much money posted, bettors being appalled at the bookmakers' odds, which at first was 1 to 6 on Newton, and 4 to 1 on Roland. When the horses were at the post it was 8 to 5 on Newton, 6 to 1 on Roland.

At the start Roland led by two lengths and at the quarter was a length and a half ahead, and came into the stretch with the same lead; passing the stand on even terms, both being pulled double, continuing head and head to the quarter, where Roland commenced a hard fight across the back stretch. It was in vain though, for Newton pulled away without an effort and turned into the stretch fifteen lengths ahead, smashing under the wire a winner by a sixteenth of a mile.

Baseball.

AT CHICAGO.

The Colts made the only run today on Corbitt's miff and Dehen's two-bagger. Chicago, 1; Pittsburgh, 0.

AT CLEVELAND.

The scheduled game was forfeited to Cleveland, St. Louis failing to show up on time. Finally they appeared and a postponed game was played in which Young's wildness led to the Browns.

Cleveland, 1; St. Louis, 0. Batteries—Young, Zimmer; Brotenstein, Buckley.

CHICAGO, May 21.—The National games at St. Louis, Boston, Philadelphia and Brooklyn, and the Western at St. Paul, were postponed on account of rain.

AT TOLEDO.

Toledo, 1; Columbus, 5.

AT MILWAUKEE.

Milwaukee, 3; Indianapolis, 5.

AT MINNEAPOLIS.

Minneapolis, 4; Kansas City, 0.

Stone Is Jangling Along.

LYONS, Ia., May 21.—J. Edwin Stone, the well-known pedestrian now walking from San Francisco to New York on a wager of \$5,000, passed through here about 8:30 p.m. today. He will make the trip in 124 days. His outfit is light, and is in good shape and confident of success.

FITZSIMMONS WILL FIGHT.

He Has Cancelled His Western Engagement—He Will Fight Any Man in His Class.

(Special to THE HERALD—Examiner Dispatch.)

NEW YORK, May 21.—Bob Fitzsimmons has cancelled his western engagement and will close his theatrical season in three weeks. Bob has decided to meet Pritchard or O'Brien if the latter conquers England's middle weight champion during "Sullivan week" at New Orleans. He telegraphed as follows today:

"Charles Noel, Olympic Club, New Orleans: 'I have cancelled California contract. Close in three weeks. At your disposal after that.'

"Concerning this change in his plans Fitz said: 'Some people have accused me of

being afraid to fight Pritchard since I asked for positive assurance that he would come over here. Now I intend to prove that I am afraid of none of them by announcing that I will fight either Pritchard or O'Brien in September at the Olympic club. There isn't a man on earth from 154 to 175 pounds who can beat me; at least I'll bet any part of \$10,000 there isn't."

THE DEMOCRATIC TRAIN

For Chicago—Route and Rate Arranged and Other Preliminary Steps Taken.

The committee appointed by the Territorial Democratic convention at Ogden to arrange for transportation of delegates and others desiring to attend the convention, met yesterday at 11 a.m. in the office of the Bulletin-Beck company and heard the several propositions of the competing lines. After a careful canvass of the situation the award was made to the Union Pacific and Chicago & Alton. A special train will be run as may suit the convenience of the delegates and others composing the party, and all the conveniences that modern railway appliances can afford will be furnished. E. W. Wilson, Alfalfa Young, J. B. Walden and Joseph Caine were named as a committee for Salt Lake to see all who desire to go. A round trip fare of \$50 is announced, and full particulars will appear in the shape of literary cards, which will inform the public of the entire programme.

South Cottonwood Democrats.

The South Cottonwood Democrats will have a rally tomorrow night and be addressed by A. G. Norrell and A. T. Schroeder.

IN RAILWAY CIRCLES

The Western's New Time Table Effective Today.

The Shortening of Time Between Salt Lake and Denver—Other News of Track and Train.

The change in the Rio Grande Western time table is effective today. No. 4, which heretofore left at 9:30 p.m., will pull out at 9:25, and arrive at Denver at 11:50 the night following, a saving of five hours and forty-five minutes. No. 2 will leave at 8 a.m., as heretofore, but the lines east of Grand Junction will cut the time down so as to arrive at Denver at 9:45 a.m., instead of 11:30. Both trains carry a through sleeper to Chicago.

Personal and General.

Mr. D. E. Burley will arrive from his eastern trip to-morrow morning. We are not definitely advised whether he comes unaccompanied.

The Francis Wilson theatrical company will arrive over the U. P. from Denver to-morrow morning. There are sixty-five people in the company and they are traveling in two chartered Pullman sleepers. They carry over one carload of scenery and baggage.

The Rhen company will leave for Butte this morning via the Union Pacific.

The Ogden and Park City departures to the West coast convention came down by the Union Pacific.

The Canadian Pacific.

TORONTO, May 21.—A cablegram from the Globe says: The Canadian Pacific will offer \$2,000,000 perpetual 4 per cent. debentures to the territory, subject to obligations, most of which bear a high rate of interest.

To Secure the Monopoly of the Pacific Coast Traffic.

NEW YORK, May 21.—A dispatch from Denver intimates that Jay Gould and C. P. Huntington have made a secret combination to secure the monopoly of the Pacific coast traffic. It is part of a scheme involving the control of the Atlantic & Pacific road by Gould. Huntington denied all knowledge of the alleged scheme. He said his brief interview with Gould at El Paso some weeks ago had no business significance.

The Northern Pacific Dividend.

NEW YORK, May 21.—Passing the dividend on the Northern Pacific preferred generally meets the approval of Wall street. From Philadelphia, however, come whippers of dissatisfaction. One prominent brokerage house has summarized complaints in the following circular to customers: "Under the old reorganization plan, it was the intention of the board to divert from earnings spent on property should be reimbursed to the preferred stockholders who were the original bondholders. This policy of rights was recognized in the scrip dividend of 11 per cent. in 1881, again in 1889 or 1890, when \$3,347,000 was consolidated 5 per cent. bonds were set aside for the benefit of the preferred stock. At the latter time, Villard persuaded the preferred stockholders that it would be wise to allow that \$3,347,000 bonds to remain as a reserve against a possible reduction in the earnings. The promise was not kept, as the dividend is now passed. That \$3,347,000 is due to

preferred stock, not as a favor but as a right, and we think it due them at once. It would be singular if a suit is not brought to compel the immediate distribution of the bonds. If successful, and failed, is unlikely, there would be a dividend of about 10 per cent. to the present preferred stock; only it would be paid in bonds, not in stock. The bonds sold around 77 per cent., making the possible cash dividend \$770. There is no use waiting until October to settle some of these matters. It is unlikely the Northern Pacific stockholders will ever again permit a three years' election of directors.

The Rio Atchison Mortgage.

BOSTON, May 22.—Vice-President Hohnhardt of the Atchison railway, has made a preliminary announcement of the plan for the proposed second mortgage decided upon and which he will publish next Wednesday; it being the completion of the negotiation plan put in effect in October, 1891.

The plan provides for the creation of a second mortgage under which they issue at once \$80,000,000 bonds, class "A," with graded interest from 3 1/4 to 4 per cent., also for \$20,000,000 bonds, class "B," interest beginning July, 1893, 4 per cent., under which no greater amount than \$5,000,000 in any one year can be issued. The proceeds of which apply only to improvements. At the expiration of four years they become identically the same bond issue. The right is reserved on the second mortgage 4 per cent. bonds for the same specific purpose up to the limit of \$50,000,000, but the proceeds are not to apply to the extension of lines. The company's extension of lines. It is believed the mortgage will be for 100 years or thereabouts, and the underwriting being done at \$85,000,000 less a commission of not less than 3 1/2 per cent. nor more than 5 per cent.

PUSH THE FAIR.

That Is What the D. A. and M. Society Will Do—Earnest Work.

The directors of the D. A. and M. society met at the State bank last evening to discuss matters concerning the October fair. Mr. C. P. Mason presided, and the roll call showed the attendance, besides the chairman, of Messrs. Wells, Rowe, Empey, Thomas, Hamberger, of Salt Lake, Holdaway of Porey, Langsdorf of Ogden, Farr of Logan, and Peters of Brigham City. Only Mr. Parker of far-away Pile was absent.

A communication from the Rocky Mountain Agricultural by R. W. Sloan, asking to print officially the matters desired to have made public by the board, and agreeing to supply the society with a thousand or more copies gratuitously, was referred to the committee on printing.

Isaac E. Deane, authorized publisher of the "Utah World's Fair Advocate," also wanted to print the fair notices and premium lists in connection with Utah World's Fair matters, to be published in his magazine, and his petition also went to the committee on printing.

Letters from Ben. H. Eldredge and A. J. Pondleton were read and referred to the committee on printing. Mr. Eldredge, publisher of the "Utah World's Fair Advocate," also wanted to print the fair notices and premium lists in connection with Utah World's Fair matters, to be published in his magazine, and his petition also went to the committee on printing.

A circular was read from the United States department of agriculture, making suggestions to the Territorial Horticultural society, and as there was no such society in the territory the department was referred to the committee on printing.

The letter from Secretary McDaniel of the World's fair commission, heretofore published, was read and the dress parade proposition was left with the executive committee.

The call for premium lists from the supervisors brought a report from Mr. Peters on poultry, bees, etc., and one from Mr. Hamberger on minerals and women's work. Mr. Peters said he had been out in the henneries while the spring laying and crowing was up and was thus enabled to get in an early report. Mr. Hamberger made no explanation of how he presented such a full and complete premium list for his department on women's work, but he exhibited his interest in the matter by providing for every subject in that department. Referred to premium committee.

The other supervisors were instructed to report to Assistant Secretary Pyper, with ten days, their lists, and that the assistant secretary then notify the premium committee, who should report same, revised, at the next meeting of the board.

The question of the advisability of cataloguing the exhibits was referred to the committee on printing.

Pyper said that the counties should be worked with to hold local fairs; inducements should be offered, and some one appointed to visit the surrounding territory to assist in the matter. The board and urge them to make exhibits; then the best of these could be secured for the territorial exposition and help in making this the best fair the territory has ever held.

The chairman stated that this work was contemplated in the engagement of Assistant Secretary Pyper, who would make the desired tour of the territory as soon as the lists of premiums were prepared. Adjourned for two weeks.

BUT NINE DAYS REMAIN.

Those Wishing to Take Advantage of the Low Rate Should do so Now.

Undeniable Evidence Submitted as Proof of Successful Results Attained.

What Is Catarrh?—Its True Definition.

In order to give all an opportunity of availing themselves of their skill during this season, Drs. Mansfield and DeMonco will, until June 1st, make a uniform charge for medicine and treatment of \$5 a month. This is to all patients and for all diseases. All patients applying for treatment before June 1st will be treated for \$5 a month, and all medicines furnished free, each month's treatment, including medicine, to cost \$5 until cured.

Among the many letters received by Drs. Mansfield and DeMonco during the past few days we take one inquiring what catarrh is and what the cure is. Many people labor under the mistaken idea that catarrh means simply a discharge from the nostrils, with a running and itching of the mucous; but to the observing physician who makes a specialty of the disease the word catarrh means more. Experience has taught him that catarrh is by no means confined to the head alone, but that the entire system is frequently affected by it. Thus we have: Catarrh of the nose, causing frontal headaches (more commonly known as neuralgia), a sense of dullness or drowsiness, dizziness, confusion of thoughts, etc.

Catarrh of the throat, causing cough, hoarseness or entire loss of voice, bronchitis, asthma, pneumonia, etc.

Catarrh of the bladder, with its long list of symptoms, causing diabetes, Bright's disease, etc.

Catarrh of the bowels, causing alternate diarrhoea, and constipation, piles, etc. In fact catarrh effects more or less all the mucous surfaces of the body, causing at times, rheumatism, neuralgia or rheumatic pains. So when we are asked (as we often are) by well call showed the attendance, besides the chairman, of Messrs. Wells, Rowe, Empey, Thomas, Hamberger, of Salt Lake, Holdaway of Porey, Langsdorf of Ogden, Farr of Logan, and Peters of Brigham City. Only Mr. Parker of far-away Pile was absent.

Our method of treatment is peculiarly adapted to this class of ailment of the entire mucous tract of the body, as it is both local and constitutional, and each year's experience and successful treatment only confirms our claim that this is the only true and rational mode of treatment. In this we are borne out by hundreds of thousands of testimonials from grateful patients.

WAS IT CONSUMPTION?

His Fears Removed—His Health Regained—The Result.

"In the discharge of my duties, that of surveying, I was necessarily subjected to the many changes of weather, and this, I think, was the primary cause of my troubles. Last November, while at Butte, Montana, surveying at that point, I noticed that my trouble was becoming worse. This, I think, was caused by the sulphur smoke from the ore roasters. However, my ailments were becoming so bad that I became alarmed."

The preceding was spoken to the writer in a conversation by Mr. Charles Johnson, 214 S. First West, employed with the United States surveying corps.

A circular was read from the United States department of agriculture, making suggestions to the Territorial Horticultural society, and as there was no such society in the territory the department was referred to the committee on printing.

The letter from Secretary McDaniel of the World's fair commission, heretofore published, was read and the dress parade proposition was left with the executive committee.

The call for premium lists from the supervisors brought a report from Mr. Peters on poultry, bees, etc., and one from Mr. Hamberger on minerals and women's work. Mr. Peters said he had been out in the henneries while the spring laying and crowing was up and was thus enabled to get in an early report. Mr. Hamberger made no explanation of how he presented such a full and complete premium list for his department on women's work, but he exhibited his interest in the matter by providing for every subject in that department. Referred to premium committee.

The other supervisors were instructed to report to Assistant Secretary Pyper, with ten days, their lists, and that the assistant secretary then notify the premium committee, who should report same, revised, at the next meeting of the board.

The question of the advisability of cataloguing the exhibits was referred to the committee on printing.

Pyper said that the counties should be worked with to hold local fairs; inducements should be offered, and some one appointed to visit the surrounding territory to assist in the matter. The board and urge them to make exhibits; then the best of these could be secured for the territorial exposition and help in making this the best fair the territory has ever held.

The chairman stated that this work was contemplated in the engagement of Assistant Secretary Pyper, who would make the desired tour of the territory as soon as the lists of premiums were prepared. Adjourned for two weeks.

DeMonco for the same sum for a month that other specialists will charge you for a day.

Don't lay the flattering unction to your soul that your "cold in the head" will soon pass away when it is attacking you more malignantly every day, but go at once to the Copeland Medical Institute and try its methods of treatment.

Don't class Drs. Mansfield and DeMonco with the old-style brass-band cure-alls, who hypnotized passing victims on street corners and stayed in town only long enough to get the first fee from each person treated, for they are here to stay, have a reputation second to none, and are always to be found doing business in the highest form of medical skill.

WAS IT HEART DISEASE?

Complications of Symptoms Lead to Grave Fears.

"My troubles, I am convinced, resulted from neglected colds. I caught a severe cold about seven years ago, but thought it would pass away in time, and consequently I paid but little heed to it. Then I caught other colds, and each was neglected in its turn, until my symptoms became so distressing that I was forced to take notice," said Mr. C. W. Burt, corner Seventh Street and Second East streets, this city.

C. W. BURT, SALT LAKE CITY, UTAH.

Continuing, he said:

"I suffered from the most intense headaches, roaring noises in the ears, nose stopped up, hawking and spitting and consequent sore throat. I could hear nothing in the left ear, and the right ear was almost deaf."

"I suffered severe pains in the chest about the region of the heart. At times I would flutter and palpitate violently. I did not get of the bed an instant but that I was suffering from organic heart trouble."

"I had but little appetite. I grew weak and emaciated; could scarcely sleep at night and received no benefit from the light sleep which I caught; felt more tired upon arising than when retiring."

"Now, I feel like a well man; in fact, I never expected such a change in so short a time. I improved from the start. I do not hesitate to state that my present condition is due to the excellent treatment I received of Drs. Mansfield and DeMonco. I recommend all sufferers to treat with these physicians; their terms are reasonable—only \$5 a month for medicine and treatment—and I know none but good will result."

MRS. JAMES ROSS, residing at Sugar House ward, Rosedale addition, says: "I have taken a short course of treatment at the Copeland Medical Institute and can cheerfully certify to the good effects of the medicine and treatment. They have made me feel like another woman." Mrs. Ross can be seen at the above address and this statement verified.

MRS. MARY STEVENSON, residing at 345 South Fourth West, says: "I have suffered for nine years from catarrhal affections, which had become so bad that I had given up all hope. I thought it would be a relief to die, as I could get no benefit from any of the physicians I had tried or any relief from the numerous patent medicines I had used. After treating two weeks with Drs. Mansfield and DeMonco I can say that I am almost well again. I recommend these physicians very highly."

THEIR CREDENTIALS.

Dr. T. B. Mansfield is a graduate of the Ohio Medical College, Cincinnati, one of the oldest and most notable institutions of its kind in this country. He has held the most honorable positions in his class while at college, and his diploma bears the written endorsements of the deans of prominent medical colleges, besides being formally endorsed by the secretaries of various county and state medical societies.

Dr. A. DeMonco's credentials are none the less notable and unqualified. He also is formally endorsed by the secretaries of various county and state medical societies. Both gentlemen, after thorough hospital experience and practice, have secured their present course of treatment, with what success the columns of the daily papers will show.

For the accommodation of those employed during the usual working hours, the offices of Drs. Mansfield and DeMonco are open week day evenings from 7 to 9 o'clock and Sundays from 9 a.m. to 1 p.m.

The Copeland Medical Institute

Located Permanently, (Rooms 200, 201, 202 and 203) in the Progress Building,

South Main Street, Salt Lake City.

DR. T. B. MANSFIELD,

DR. A. DE MONCO,

CONSULTING PHYSICIANS.

SPECIALTIES: Catarrh and all diseases of the Ear, Eye, Throat and Lungs, Nervous Diseases, Skin Diseases, Chronic Diseases.

OFFICE HOURS: 9 to 11 a.m., 2 to 6 p.m., 7 to 9 p.m.; Sunday, 9 a.m. to 1 p.m.

Catarrhal troubles and chronic diseases treated successfully by mail. Send 4 cents in stamps for treatment circulars.

Address all orders to the Copeland Medical Institute, Rooms 200, 201, 202 and 203 Progress Building, South Main Street, Salt Lake City, Utah.

\$5 PER MONTH.

All patients placing themselves under treatment before June 1 will be treated until cured at the uniform rate of \$5 a month—medicines furnished free. This applies to all diseases.
